ABOUT EAST COAST SWEEPING

Your Partner in Jobsite Cleanliness.

East Coast Sweeping supports excavation and sitework contractors with street sweeping, water truck service, dust control, and clean access road solutions. Our goal is to help keep project roads cleaner, reduce mud and dust, and support safer, more professional jobsites.

EXCAVATION SUPPORT

Supporting excavation and sitework projects with clean, accessible, and safe jobsite conditions.

STREET SWEEPING

Professional street sweeping to keep project roads clear, reducing tracking, mud, and debris.

WATER TRUCK SERVICE

Reliable water truck service for road maintenance, compaction support, and dust control.

DUST CONTROL

Effective dust control solutions to improve air quality and jobsite safety.

SERVING
VIRGINIA,
DC & MARYLAND.

WHY CONTRACTORS CHOOSE EAST COAST SWEEPING

Cleaner Access Roads

Remove mud, debris, and sediment to keep traffic moving.

Better Dust Control

Water-based sweeping reduces airborne dust for a cleaner, healthier site.

Safer Site Conditions

Eliminate hazards and reduce slip, trip, and visibility risks.

Improved Project Presentation

Clean roads and entrances reflect a professional, well-managed site.

Dependable Field Support

Responsive service, flexible scheduling, and reliable equipment you can count on.

Built for Excavation & Sitework Needs

Equipment and expertise designed for heavy-duty site conditions.

SAFETY MINDSET

Workzone awareness

Professional operators

Cleaner roadway support
